

Job Office

BOOK, CARD AND JOB
Printing Office, East Hill, Idaho City.
Proprietors beg leave to announce to the people of Idaho City and vicinity, that they have a varied and complete assortment of
PLAIN AND ORNAMENTAL
JOB AND CARD TYPES,
which make their facilities for executing all kinds of
Pain and Ornamental Printing
surpassed by any office in the upper country. All
orders for jobs will be executed with neatness and dis-
patch.
JOB WORK MUST BE PAID FOR ON DELIVERY

To SUBSCRIBERS AND ADVERTISERS.—We send this number of the WORLD to all on the list of the late Boise News. Those who wish to have the paper continued to them will please notify this office, otherwise it will be discontinued. As we shall be unable to personally see most of the advertisers, those who desire their advertisements discon- tinued will please notify us.

Hon. E. D. HOLBROOK left Idaho city on Wednesday last for the lower country. He will stop a short time in Oregon before leaving for Washington.

A PRINTER'S COURT.—The printing fraternity in this portion of the country appears to be in favor. The newly elected Probate Judge, J. M. Shepherd, the County Clerk, and Clerk of said court, Wm. A. Daly, and the Sheriff, A. O. Bowen, are all typists. Nothing like printers' luck.

LOOK AT YOUR CHIMNEYS.—Since the cold weather commenced we have observed that several stove pipes about the city are negligently put up, and are a nuisance to the city's safety. It would be well for every one who reads these lines to look at his own pipe, and see that it is safe. If every one will attend to it perhaps it may save Idaho City from a conflagration during the winter.

GRAND BALL.—The Democracy of Placerville will give a ball at that place on next Tuesday evening. Extensive preparations have been made to insure a pleasant entertainment, unsurpassed by any. The Democracy of Placerville made a desperate fight for victory at the late election, and won it triumphantly under some very adverse circumstances, and we hope the citizens of this county will give them a hearty salutation at the ball. They are deserving of it.

SNOW STORM.—The cold weather of the early portion of the week was followed by an embryo snow-storm on Thursday morning—just enough to whiten the hills hereabouts, and cast a shadow of coming events before, giving us a slight foretaste of the melancholy days of the year. The fleecy clouds that daily drift across the heavens warn us that Winter is close at hand, and that the time for preparation has arrived.

TRAIL TO ROCKY BAR.—Mr. Dilly informs us that the South Boise trail between Goodrich's and Roaring river, has been not only shortened, but so improved that it would not be recognized by any of the early pioneers of the Basin, who know the South Boise trail only as an almost impassable and impracticable route. Mr. Taylor of the North and South Boise bridges, is responsible for these changes, and the public appreciate his efforts in the way of improving roads. Next to Mr. Newberg, Taylor is the hero in the road line.

A. NOLTNER, Esq.—This gentleman, the proprietor of the Eugene City Review, has recently made a tour through the Boise Basin, and left us on Thursday last for Walla Walla. Mr. Noltner is well known in the Northern country, and deservedly enjoys the esteem of many friends here as well as in Oregon. We are glad to hear from Mr. Noltner that he succeeded in increasing the subscription list of the Review very largely in the Basin. The Review is a leading paper on this coast.

INFORMATION WANTED.—The Editor of this paper received a letter a few days ago from Land Magee, County Antrim, Ireland, from Reid, who desires some information on Nelson Reid, who practised law in California as late as 1857, but has been heard from by his relatives since year. As his friends are suffering much anxiety, we do not know in what manner to obtain the desired information better than by making a note of it here. We trust that any one knowing anything about Mr. Reid will send a note to this office.

Judge J. J. MAX.—Among the gentlemen to have recently left us for a trip to the lower country is Judge J. J. May, of Idaho, who returns to California for a few days to visit his family. Judge May took very active part during the late political campaign in this Territory, and demonstrated possession of abilities as a public speaker, eloquent and effective—which secured for him an enviable reputation throughout all the southern counties of Idaho. His departure will be regretted by numerous friends here. We understand that he will stop the stump for McClallan, in Oregon, as passes through that State. May he do good service there as he has done here.

QUARTZ SPECULATIONS.

Quartz appears to be rising in favor of late, and numerous changes have been made among proprietors of late. Among the extensive sales has been that of James King to Wm. D. Bibb, Esq. Mr. Bibb purchased Mr. King's entire interest in an eight-stamp mill, located ten miles above Pioneer City, on Granite creek; also, one-half of eighteen hundred feet of quartz lodes, known as King's Lode, 600 feet; Specimen Lode, 600 feet; Mammoth, 600 feet. All of which we are informed, have been thoroughly prospected with shafts and tunnels from end to end to the depth of fifty feet. Mr. Bibb is sanguine in the belief that these ledges, from the results of the prospecting, will furnish quartz for a large sized quartz mill for fifty years to come.

These leads with their extensions, which are in progress of practical working, together with the prospects of the silver ledges at Silver City, some ten or miles beyond, will be a valuable acquisition to Idaho City, as Mr. Bibb says a good wagon road can be located on the route as far as the Summit Flat, which is in the neighborhood of the above named ledges, and can be extended thence to Silver City. This would be a continuation of the Gambrinus Quartz Mill Road. Between the various routes which have been looked out, the prospects is fair, that in another year we shall be brought within a few hours of all the newly discovered country north-east of us.

THE BALL FOR THE AID OF THE CHURCH.—The ball for the benefit of the Catholic Church came off at Pickwick Hall, in this city on the 21st. It was a decided success not only in attaining the object sought for, the raising of funds for the support of the church, but in the general enjoyment of all present. The amount received when all expenses were paid was \$380, which will materially assist in fitting up the interior of the church, and the adjoining grounds. A great deal of credit is due Mrs. Col. White, Miss White, and Miss Hughes for the zeal manifested by them in selling tickets, and initiating and carrying through so successfully the necessary and laborious arrangements connected with the ball. The Church organization is indebted to their energy for the success which attended the affair.

THE SOLDIER'S RELIEF SOCIETY.—We are indebted to Mr. Hebron for some information relating to this society, the amounts received from this and other precincts, &c. Next week we shall give the items in detail.

The officers of the society are President, Mrs. Barber; Vice President, C. B. Waite; Treasurer, M. S. Hebron; Secretary, S. W. Brown.

The amount collected for the fund at the Idaho City polls, on election day, was \$73 25. At Centerville \$73 25.

The Sanitary Ball, on Thursday night, was well attended, and passed off very pleasantly. The amount received from sale of tickets was \$345 50. The amount of \$75 per month has been subscribed.

RESOLUTIONS OF CONDOLENCE.

The undersigned would take this method of informing the citizens of this place that for the want of material he has been obliged to postpone the exhibition of Panoptique for a short time. He has made arrangements with Mr. Geo. Parley, who will, when the articles arrive here, give a few exhibitions, and he would be very happy to have all those who favored him in such a liberal manner upon its opening night to give Mr. Parley as full a house upon his opening night, as no one who does so will regret it.
